

S174 - Polo Bicolore Cotton Comfort Hi-Vis

Collezione: Cotone Comfort

Gamma: Alta visibilità

Tessuto esterno: Maglia in 55% Cotone, 45% Poliestere 175g

Informazioni prodotto

La popolarissima polo S171 è stata riprogettata per fornire una polo bicolore in Cotton Comfort che fornisce lo stesso livello di traspirabilità, visibilità e comfort.

Norme

RIS-3279-TOM ISSUE 1 (ORANGE ONLY)
EN ISO 20471 Class 2

Cotone Comfort

I nuovi articoli Cotton Comfort sono costruiti con una combinazione di 55% cotone, 45% poliestere totalmente certificata EN ISO 20471, con il tessuto in cotone nella parte interna ed il poliestere all'esterno per la massima durevolezza. Il tessuto risulta quindi altamente traspirante e confortevole.

Alta visibilità

La nostra gamma di articoli ad alta visibilità raggiunge gli stretti requisiti del design e della costruzione, in modo da garantire la conformità alle norme EN ISO 20471 & ANSI. Innovativa e tecnica, la gamma di articoli ad alta visibilità è la scelta ideale per chi non vuole compromessi in fatto di stile, comfort, protezione e performance.

Caratteristiche

- Tessuto traspirante e contro l'umidità per mantenere il corpo caldo e all'asciutto
- Banda riflettente per una maggiore visibilità
- Rating del tessuto UPF 35+ blocca il 97% dei raggi UV
- Design superiore con colletto in contrasto con piping
- Spacchi laterali
- Comoda vestibilità
- Certificato EN ISO 20471 per oltre 50 lavaggi
- Conforme RIS 3279-TOM per l'industria ferroviaria (solo arancione)
- Certificato CE

TERMS AND CONDITIONS

The following conditions apply in addition to SATRA's standard terms and conditions of business and those given in the current certification agreement.

The certificate holder is licensed to mark the products detailed within this certificate in accordance with Annex V (Module B) of the Regulation (EU) 2016/425 of the European Parliament and of the council of 9th March 2016 on personal protective equipment once you have drawn up an EU declaration of product conformity.

Please note:

1. Where the product is classified as category III then CE Marking of production is reliant on current compliance with Regulation 2016/425 module C2 or Module D. (Except that specifically produced to fit an individual user).
2. Full details of the scope of the certification and product(s) certified are contained within the manufacturer's technical documentation.
3. Where a translation of this certificate exists, the English language version shall be considered as the authoritative text.
4. Certification is limited to production undertaken at the sites listed in the manufacturers technical documentation.
5. Ongoing manufactured product shall be consistent with the product(s) certified and listed on this certificate.
6. The Manufacturer shall inform SATRA of any changes to the certified product or technical documentation.
7. Where results obtained during type testing are within the budget of uncertainty when compared to the pass requirement, classification or performance level, then it is the responsibility of the manufacturer to ensure that the factory production control and manufacturing tolerances are such that the product placed on the market meets with the stated requirements, classifications or performance levels.
8. This certificate shall be kept together with the relevant technical documentation in a safe place by the client named on this certificate. Production of this certificate and other documentation may be required by a representative of the EC member state government.
9. This certificate relates only to the condition of the testable items at the time of the certification procedure and is subject to the expiry date shown.
10. SATRA reserves the right to withdraw this certificate if it is found that a condition of manufacture, design, materials or packaging have been changed and therefore no longer comply with the requirements of Regulation 2016/425.
